Click on the next link to 'Robot screen install' in C Building.

Facing south checkout the evidence tag for information about what happens in this area. Listen to the tour guide then look at the three video extracts.

1. What part of the process of installing a windscreen is still undertaken by an employee? Do you think it could be automated in the future?
2. How does the robot get hold of the windscreen and what is the first thing it has to do?
3. How does the automated system ensure the Transit Van is in the correct position for the robot to place the windscreen?

Click the 'ge 1' (Gathering evidence 1) button to the left of the map in the bottom right hand corner and you will return to the Gathering evidence 1 list of employers.
