 Choose 'Gathering evidence'  
 Choose 'Gathering evidence 2'

Now choose the employer:

## Eli Lilly

Like many organisations, you will find an 'operations' area in which the core of the business is seen to be at work. In Lilly's case this is the laboratory area.

Use the link to the Laboratory corridor. Check the map carefully to see where in the corridor you have arrived.

There are 15 labs in this corridor that you can enter and look around. They provide a variety of workplaces where hundreds of people work day to day. Some have employees at work that you can interview.

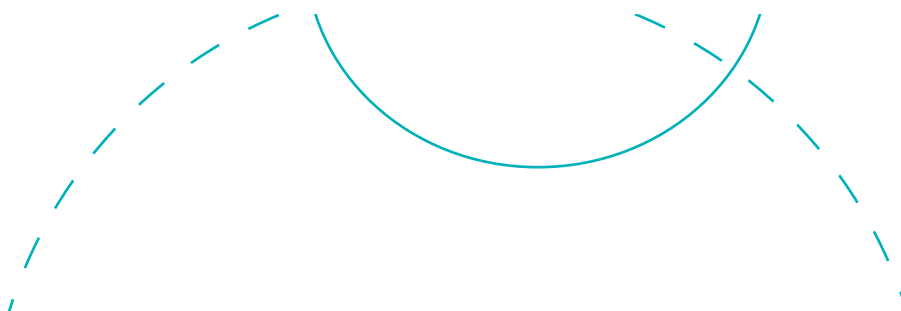

Below is a list of some of the labs that you can visit and an employee who works there. An employee's motivation can be influenced by many factors and the working environment in the labs is varied.

Visit each of the labs listed below. Gather evidence by looking around, reading the text and listening to some of the interview answers. Then, from your point of view, mark on the scales overleaf where you think this person's jobs lays.

Each scale represents a factor about work that might influence an employee's motivation. The scale goes from one extreme to another and you should place a tick somewhere along the line representing your assessment.

Lab	Employee
2	Manisha
3	Marie
4	Michael
5	Marcus
6	Ian
7	Niall
8	Aderonke
9	Non
10	Suchira
11	Sarah
12	Tristan
13	Lisa
14	Helen
15	Michael

You can add to the list if you like. It is simply a way for you to summarise what you like and what you dislike.
