Ford

Ford is an Assembly Plant and must rely on its employees to help assemble more than 300 Transit Vans each day.

Click on the first link to see a team of employees working in Building A. Facing north west checkout the video extract on the evidence tab.

1. How many employees can you see that work in this team?
2. What contribution do they make to the assembly of the van?
3. How is the employee helped to position the heavy van sides?
4. How is the van's position changed to make it easier to fit the roof members?
5. By making the job easier how is the employer improving the employee's motivation?

Click the 'ge 2' (Gathering evidence 2) button to the left of the map in the bottom right hand corner and you will return to the Gathering evidence 2 list of employers.
