

A VIEW of Ford: The paint process

These instructions are intended only as a guide to help locate work based evidence. At each step the user is advised to look around, read any narrative, pickup on timelines and hotspots and listen to any contribution made by the tour guide.

The tour is not intended as material for students directly. It is to help teachers and others familiarise themselves with part of the virtual workplace and to use in any way in developing classroom based materials.

FutureVu welcomes contributions by those who have developed their own ‘tours’ and classroom resources. Email copies to info@futurevu.com and we will post contributions to the website with full acknowledgement.

Direction / Instruction	Question / Look out for...
Enter Ford through the main gate Enter “A Building”. Move forward (east) Rotate right to face south Move forward (south) Rotate left to face east Move forward (east) Move forward (east) again Move forward (east) once more ... Rotate right to face south Move forward (south) Rotate left to face east Move forward (east) Move forward (east) again Rotate right to face south Move forward (south) ... Rotate left to face east Move forward (east) Move forward (east) again Move forward (east) again Move forward (east) again Move forward (east) again...	 ... if you can see some red tool boxes close to you then you are in the right place. ... past the body shell on the right. ... you are facing the end wall with a metal shutter door

<p>Rotate right to face south Move forward (south) Move forward (south) again Move forward (south) once again...</p>	<p>... You are close to the unpainted body shells and the start of the process by which the vans are prepared and painted.</p>
<p>Rotate right to face west Move ahead (west and around the corner)...</p> <p>Facing west Move ahead (west) Move ahead (west) again... Move forward up the steps</p> <p>Rotate to face south east...</p>	<p>...You are 'under' the tanks which are cleaning and treating the bare underbodies.</p> <p>...You are at a small set of stairs.</p> <p>... you can see a vehicle coming out of the preparation process.</p>
<p>Rotate right to face south west...</p> <p>Rotate right to face east...</p> <p>Face east...</p> <p>Rotate left to face north Move ahead (north) into the sealer deck</p> <p>Facing north east Move ahead (east) Move ahead (east) Move ahead (east) again</p> <p>Rotate right to face south Move ahead (south)</p> <p>Rotate right to face west Move ahead (west) Move ahead (west) again Move ahead (west) once again</p> <p>Facing north west Move ahead (west) into the paint area</p> <p>Rotate right to face north east... Rotate to face west Move ahead (west)</p>	<p>...Click high on the image to move south west and up to the higher level</p> <p>... You can just see an underbody moving away and into a tank. Check the timeline for a video extract of the dip process.</p> <p>...Click on or around the van to move 'beyond the dip' ...</p> <p>... checkout the timeline for a video extract showing vehicle painting</p>

<p>Move ahead (west) Move ahead (west) Move ahead (west) again and out of paint and into the inspection area</p> <p>Facing east Move ahead (east) Move ahead (east) again Move ahead (east) again and into the PVC line</p> <p>Face west Move ahead (west) Move ahead (west) again Move ahead (west) once again Rotate to face south Move ahead (south) to enter B Building.</p>
